## IU FOREIGN / SECOND LANGUAGE SHARE FAIR

### *A MESSAGE FROM THE CHAIR* **EVIE MUNIER, FRIT**

#### **What is Share Fair?**

The IU Foreign Language Share Fair is a semi-annual event that encourages graduate students to share inspiring ideas, useful teaching strategies, and new activities that can be widely

applied in language classes.

Our vision is to create and foster a true community of language educators through interdepartmental collaboration. We believe in the supporting power of networking and learning from peers, and it is our mission to provide a casual and welcoming environment for this unique and worthy cause.

#### **History of Share Fair**

Created in the late 1990s, and revived in 2006, the Share Fair originated with and is organized by graduate students at Indiana University.

It is sponsored by the Center for Language Technology (CeLT, established in 1959, then called CeLTIE) and the Center for Language Excellence (CLE, established in 2014).
